POSTAL REGULATORY  
COMMISSION

Postal Regulatory Commission  
901 New York Avenue, NW, Suite 200  
Washington, DC 20268-0001

To: Members of the Regulatory Commission

As a citizen, I am very concerned about the crippling effect of the proposed 10 Year Plan which is before the Commission at this time.

The changes made to the postal system last year have already had a devastating effect on our postal service, and these proposed changes would further undermine the US postal system as we now know it.

I am elderly and live in a remote, rural area and depend on the US postal system for prompt delivery of critical medicines, paychecks, bills, personal correspondence, delivery of consumer products, as well as our mail-in balloting...the postal system is my lifeline.

The proposed plan would not only have a devastating effect on the public, but on the employees of the US postal system as well.

We deserve a transparent, working postal service, which serves each and all of us. I request your consideration of the elderly and rural citizens who critically depend on the Postal Service on a daily basis as you review the proposed plan this month. Please do not compromise our health, safety, and well being.

Sincerely

Mrs. Idalia Money

CC: President Joe Biden, Senator John Cornyn, Senator Ted Cruz,  
Congressman Joaquin Castro, United States Representative Tony  
Gonzales, United States Representative Katie Porter
